

Pacific Hoists

PACIFIC LOAD SKATES

The Pacific Load Skates are designed to facilitate the moving, positioning or installation of a wide range of loads, including heavy equipment, machinery and bridge structures. The optional turntable and positioning handle ensure that these load skates are suitable for many applications.

Features

- Available in capacities varying from 5 to 75 tonne.
- Optional turntable and positioning handle available for all models.
- High visibility colours for safety purposes.

Load skate, including turntable
